PROFESSIONAL SUMMARY

Computer Science and Engineering student skilled in Python, Java, web technologies, and SQL, with hands-on experience in developing academic and mini projects. Possess strong problem-solving abilities and a solid foundation in software development concepts. Quick learner with good teamwork, adaptability, and a strong interest in software development and emerging technologies.

EDUCATION

B. Tech in Computer Science and Engineering GMR Institute of Technology, Rajam	2024 – 2027 CGPA: 8.5 / 10
Diploma in Computer Engineering Dr. B.R. Ambedkar Polytechnic, Rajahmundry — Highest in Batch	2024 93%
SSC — Z.P.H.S Penta	2021 98%

INTERNSHIP EXPERIENCE

Python Full Stack Intern · Data valley Pvt Ltd	Jun 2024 – Aug 2024
- Developed and tested REST APIs for web applications using Django and Python, serving data to frontend clients. - Designed relational database schemas and managed data using MySQL, improving query efficiency for core workflows. - Collaborated with senior developers on code reviews and deployment using Git version control.	
Python Full Stack Intern · Krify Software Technologies	Jun 2023 – Aug 2023
- Contributed to real-time web application features using Python and Django across the full SDLC. - Participated in debugging, unit testing, and deploying application updates to the staging environment.	

PROJECTS

Travels and Tours Management System · Django · Python · SQLite · HTML/CSS	Jun 2023 – Nov 2023
- Built a full-stack travel booking portal allowing users to browse, book, and manage tour packages with real-time availability tracking. - Implemented role-based access control for Admin, Agent, and Customer roles — admins manage packages and bookings, customers view and cancel trips. - Developed CRUD operations for destinations, tour packages, and customer bookings stored in SQLite, handling 300+ records.	
Event Management System · Django · Python · MySQL · HTML · CSS · JavaScript	2024
- Built a full-stack event management portal enabling organisers to create, schedule, and manage events with attendee registration and capacity tracking. - Implemented role-based access for Organiser and Attendee roles — organisers manage event listings and registrations; attendees browse and register for events. - Developed CRUD operations for events, venues, and registrations using Django ORM and MySQL, handling 200+ event and user records.	

TECHNICAL SKILLS

Languages	Python, Java, SQL
Frameworks	Django, HTML, CSS
Databases	MySQL, SQLite

CERTIFICATIONS

- Joy of Computing Using Python — NPTEL, IIT Madras (2023)
- Prompt Engineering for ChatGPT — Coursera / Vanderbilt University (2024)
- Python Full Stack Development — Data valley Pvt Ltd (2024)

ACHIEVEMENTS

- Secured the highest percentage (93%) in the Diploma batch at Dr. B.R. Ambedkar Polytechnic, Rajahmundry.
- Maintained consistent academic excellence: SSC 98%, Diploma 93%, B.Tech CGPA 8.5.

HOBBIES

Playing Cricket | Practicing Coding
